The hypophosphites of lime and soda combined with cod-liver oil in Scott's Emulsion improve the appetite, promote digestion, and increase the weight.

They are thought by some to be food; but this is not proved. They are tonics; this is admitted by all.

Cod-liver oil is mainly a food, but also a tonic.

In Scott's Emulsion the cod-liver oil and hypophosphites are so combined as to get the full advantage of both. Let us send you a book on

UPSHUR COUNTY.

The Republicans Awake and Confident o Victory in the Fall.

Special Correspondence of the Intelligence BUCKHANNON, W. VA., Feb. 22.-In speaking to one of the prominent men of the party a few days ago the following is, if not the words, the substance of what he said: "There is little talk gowhat he said: "There is little talk go-ing on politically, but there is a quiet determination manifested that forbodes disaster to the Democracy, and corres-pondingly promises Republican success. The present is the time to wrost West Virginia from Bourbon rule and it will be done. This is the way it looks to one who has carefully, watched the sharing be done. This is the way it looks to one who has carefully watched the shaping of events for the past three years. The mountaineers out this way are not only mountaineers out this way are not only free, but the great majority of them ar Republicans who have registered a solemn vow that the state shall be free. The leaven is working. Protection, reciprocity and honest money must and will carry in West Virginia. There have been times before when we thought this and four warrance. Con

thought this, and four years ago Goff was elected, and now is the time that this great steal will be rebuked." There is no particular talk here as to who the candidates may be. Good men on both state and national tickets will receive the hearty and unqualified sup-port of all the Republicans of Upshur county, and even some of the Democrats will assist, for they see that free trade, if it become the law, or there is even a tendency toward it, at present would be very detrimental to the best interests of west virginia. Republicans of Upshur county never go back on the party. They are not built that way. Blaine was the favorite for the presidency, but his declination is taken as final, and now Harrison, Alger, Collum or any other good man will do and will be elected.

S. B. Elkins seems to be the favorite

for governor, but in saying this noother talked of candidate is belittled. "Put this down and remember it, that "Put this down and remember it, that Upshur county will do her duty, and in proportion to her population will give as large a majority in November as any other county in the state." Thus spoke an ardent Republican, and your correspondent believes he voices the sentiment of all the Republicans in every nock and corner of the state. The Democracy can see the handwriting on the wall, and as Colonel Cooper, the editor of the Clarksburg News, says, there is no disguising the fact that there is to be the greatest political battle this fall that was ever fought in the state, and unless the Democrats are very wise in their the Democrats are very wise in their choice the Colonel thinks the odds are in favor of the Republicans.

The Woman, Perhaps, Did Right.

Indianapolis, Feb. 23.—Mrs. Julia Sykes was arrested to-day in Westfield on a charge of murder in the first degree for killing John Danforth. There was a convention last Thursday in Westfield which Danforth attended, and he was shot while trying to enter Mrs. Sykes' house. He lived until Sunday night. house. He lived until Sunday night.
Mrs. Sykes to-day admitted she shot
him, but not until she had repeatedly
tried to keep him out of the house.

A Wise Young Woman.

Young Adolphus Fitzwilliam, he loved a fair Young Anothers Friedman and Market to maid. But to ask her to marry him he was afraid. But to ask her to marry him he was afraid. Because of catarrh, which she had very had; So much so that often the youth was quite glad To omit, at the parting, the kiss of the lover. The reason of this she set out to discover. "Catarrh makes me loathsome. It's fatal to

love.
Oh, darling Adolphus, by all that's above, I yow I'll not lose thee if something there is To drive out catarrh and to sweeten a kiss."

To drive out eatarth and to sweeten a kts."

So this wise young woman began searching for a cure, and good luck attended her. She found Dr. Sage's Catarth Romedy, at the drug store, and felt convinced that a preparation which the proprietors had such confidence in that they were willing to offer to pay \$500 for a case they cannot cure, must be worth trying. She bought it. She tried it. It cured her. And when Adolphus kissed her at the altar last week, her kiss was as sweet and pure as roses in June.

in June.

Girls, a word of advice: If you want a lover to stay a lover, you must git rid of catarrh. Do as this sensible girl did, and get the only sure remedy for this disgusting and dangerous disease—Dr. Sage's Catarrh Remedy.

The condition of the foreign exchange market and the buying of American stocks for foreign account were the principal factors in the course of prices in the stock market to-day, and while there was in the forencom a drooping of prices with some material losses, the latter portion of the day was not only-the recovery of the day, but the gain of a fraction in addition. London was a liberal buyer of stocks during the whole forencom, but despite this fact there was considerable realizing in different portions of the list, while Chicago Gas was under the hammer continuously, and its drop of 2½ per cent had a marcial influence upon the rest of the list for the time being.

Buying for foreign account was of little influ-

thuously, and its drop of 24 per cent had a material influence upon the rest of the Has for the time being.

Buying for foreign account was of little influence at the time to check the dropping tendency imparted to the list, Atchison, Burlington, Reading and others secred lowes of 1 per cent, while the entire list lost fractional amounts. In the afternoon Jersey Central and Delaware & Hudson, made gains on light business, while Reading received all of 10s early decline. The market undoubtedly showed a parrowing tendency, but the late strength displayed was encouraging to buyers and the commission houses, which purchased during the forenoon, and was very limited and became a factor in the late advance. The close was quiet but firm to strong generally at fractional gains over the first prices, and at about the highest prices of the day. The final changes are almost all small gains, but Chicago Gas is down 15/per cent.
